T.R.E.E. HOUSE EVENT PARTNERS

The mission of TREE House of Greater St. Louis (TREE House) is to improve the lives of individuals with disabilities and their families through therapy, recreation, education, and exploration. TREE House provides equine-assisted therapy programs for children, adults, and veterans with physical, mental, emotional, social, and/or other learning disabilities. Using the horse as the main therapy tool, licensed physical, occupational, and speech therapists help clients reach their individualized therapeutic goals and improve both their physical and mental well-being. Year-round we offer adaptive therapeutic riding sessions, a Freedom Reins program for veterans and injured service personnel, and an Equine-Facilitated Learning program for children and adults with social, emotional, behavioral, and/or mental health issues. In addition, we offer inclusionary summer camp experiences for children with and without disabilities that involve hands-on activities with horses as well as music, art, and special guest appearances throughout the camp.

Nestled on more than 88 acres in western St. Charles County, TREE House of Greater St. Louis is a unique and welcoming place where individuals with disabilities and their families can find acceptance, tackle mental and physical challenges, and express their spirit in a peaceful and natural setting.
